(4marks)

08Q. Explain any two components of business feasibility study.(2marks)

09Q. Identify any five successful entrepreneurial characteristics. (5marks)

10Q. Made in Rwanda is a campaign or program initiated by the Government of Rwanda in 2015, and approved in 2017, intending to address the trade deficit by boosting production of and stimulating sustainable demand for competitive Rwandan value-added products.

Made in Rwanda was initiated as a strategy to promote the consumption of locally made products. The rationale is to increase exports and reduce import surplus. The more the country sells a lot of locally- produced products to other countries, the more balance of trade is likely to be achieved. Once imports exceed exports it creates the trade deficit.

The Made in Rwanda Policy is a holistic roadmap aimed at increasing economic competitiveness by enhancing Rwanda's domestic market through value chain development. The Made in Rwanda Policy focuses on **enhancing the quality and durability of Rwandan products**, with a particular attention on increasing investment in agro-processing, light manufacturing products and construction materials, which are expected to increase decent jobs among Rwandans.

Q. Develop any three main objectives of Made in Rwanda.(3Marks)
